# Welcome

To our Second Edition brochure, and if this is your first experience of Tapley 33, welcome to a very unique way of furnishing

The great strength of Tapley 33 is the ability to create furniture to suit almost any room by simply combining different units. Each unit can be used as standalone furniture or in combination with others. The endless combinations and permutations mean that Tapley 33's versatility gives you the freedom to meet your specific individual requirements. What's more, each elegant piece complements the next, so the style will match however much you buy, whenever you come back for more, year after year.

Quality is the key to our success and continual popularity. Over the years Tapley 33 has built a reputation second to none with its attention to detail, careful selection of veneers/timbers and quality accessories. Every process and detail has been reviewed to ensure that money spent adds value and meets our stringent standards.

Naturally, with a new look website and brochure comes exciting new products and now we have over 150 different pieces to choose from in 7 different real wood finishes. Choose from Light Oak, Teak, Burgundy Oak, Cherry, Black, White and new this year Warm Oak.

And there's more, an exciting new era for Tapley 33 with the addition of glass top panels, doors and drawers. Contemporary, stylish and practical the use of glass within our existing range expands all the possibilities.

Whether this is your first contact with Tapley 33, or whether you started collecting many years ago, we do hope that you will enjoy the new edition brochure and Tapley 33 will soon find a place, or larger place, in your home.

## *Timeless Tapley*

As modern as you like or classically ageless. Yesterday? Today? Tomorrow?  
The wood for all time.

Warm, golden, stunning furniture shown here in the living area.

Teak was the first finish when Tapley 33 was launched more than 35 years ago and is still going from strength to strength.

Ideal for the traditional home or contemporary modernity.
